Hello Richard,

Yes both well and the house looks fantastic, we're really pleased with it thank you.

I'd be delighted to write you a reference for your website, here goes.....

I'd recently had two sash windows fitted which needed painting inside and out, together with some exterior decorating to the back of the house. I found Richard's details on the Dulux Select Decorators website and within 24 hours of making an online enquiry he'd contacted me to arrange a visit. He arrived on time and we talked through the work that needed doing. Clearly he's a very experienced tradesman because he gave good recommendations regarding the materials he'd use and approximately how long it would take to complete. His quote arrived a couple of days later and I was surprised at how reasonable it was so booked him straight away.

Richard kept me updated at all times as to how things were going as he progressed with the job and he kept the site clean and tidy. Due to the extremely hot weather the work overran slightly however that was no problem and he didn't charge me any extra. I am absolutely thrilled with the end results, two beautifully glossed sash windows and exterior decoration that looks so good. My neighbour who's a property developer mentioned to me that he was impressed with the work we'd had done and the use of certain specialist materials which by his account 'you need to know what you are doing when working with those'.

I would without hesitation recommend Richard to anyone looking for a reliable and professional decorator and will definitely be using him again in the future.

Regards,
Debbie
