To Whom It May Concern:

Mr. Richard Blazyca was recently given a contract by us to completely remodel the bathroom at our premises and we wanted to express how happy we are with his work.

At the early stages Richard helped with the design and had a creative input in the choice of colours, materials and the general aesthetics of the room.

The work was carried out by Richard and his team with great care and in a very professional, efficient manner throughout .

We are delighted with the result and would recommend Richard to anyone who wants a true professional doing a really good job.
